**Subject:** Microsoft Settlement

I find the proposed settlement totally and completely wrong. It rewards Microsoft for its absolutely illegal behavior, which continues, despite this case.

I am disappointed that my government has caved in to Microsoft rather than defend the freedom of choice required in the technology marketplace to create a healthy and innovative marketplace. This settlement will allow Microsoft to continue its predatory behavior and consume a depressed market to the point of globally monopolization. Please punish them and break them up and impose stiff and heavy penalties.
